# Quality Comes First

---

Your choice of cabinetry makes a personality-defining statement in the home. Selecting the right cabinets is an important first step because your cabinets should be just as functional on the inside as they are beautiful on the outside. We believe that cabinets should withstand the demands of daily use, and maintain their integrity throughout their lifetime.

That's why quality comes first at NorthPoint Cabinetry. Every detail is carefully considered to ensure our cabinets not only meet our high-quality standards, but yours as well. Our commitment to quality combined with our on-trend finishes, door styles and product depth and breadth are what make NorthPoint Cabinetry the perfect choice for your project.

## It Starts with Quality Wood

Just as a healthy tree needs strong roots to thrive, so too does a quality cabinet require premium lumber at its core. Our cabinets feature a solid wood construction, so the quality of wood is of utmost importance.

The wood used in NorthPoint cabinets is thoroughly tested and inspected before manufacturing begins, ensuring that the quality of the most important component of the cabinet, the wood, reflects our belief that quality products start with quality components.

## Structural Integrity

Meaningful yet hidden reinforcements, like solid wood corner blocks and strategically placed pocket screws, help reinforce the structural integrity of the cabinet. Take comfort that these well-constructed cabinets will stand the test of time.

## Thoughtful Craftsmanship

Boasting an innovative dovetail and pocket screw construction, these cleverly constructed cabinets result in robust quality and quick, accurate assembly.

## Pretty on the Inside Too

NorthPoint cabinets feature a clean and beautifully finished birch interior that enhances the cabinet's luxurious, high-quality appeal.

## Premium Drawer Boxes

Dovetail joinery is the hallmark of high-quality drawer boxes. The finished interior of the drawer boxes coupled with the dovetail construction, and silky-smooth concealed slides make this drawer box the star of the show.

## Hardworking Hardware

Our cabinets feature discreet compact hinges and concealed undermount slides. The hinges & slides have been 3rd party tested and exceed industry standards. The Premier collection (shown) features full extension slides so that you can easily access and make use of the whole drawer.

## Sturdy Shelves

NorthPoint Cabinetry shelves are constructed from an impressive  $\frac{3}{4}$ " thick, veneered plywood. This means that you don't have to worry about shelves sagging under pressure of normal use. The shelves are also adjustable so that you can optimize storage space for your needs.

# Expert Finishing

---

Count on consistent, high-quality finishing. Our state-of-the-art manufacturing facility utilizes a multi-step professional finishing process. This meticulous process guarantees that finishes maintain a high degree of color and application accuracy from cabinet to cabinet, which means that your cabinets will look stunning.

Our cabinets and accessories feature water-based ultraviolet (UV) finishes. Water-based UV finishes emit low Volatile Organic Compounds (VOCs) and are environmentally responsible. Ultraviolet finishing uses light instead of heat for curing and the benefits include no environmental pollutants or solvents to evaporate, increased chemical resistance and durability.

# STORAGE with STYLE<sup>®</sup>

## Storage solutions that beautifully coordinate to create a harmonious kitchen design

Available in two designer finishes; Black Nickel and Polished Chrome Smooth, premium soft-close slides • Sleek, modern metal design

### **1** *Trash Can Pullout*

Tuck away trash cans in style with this modern, soft-close trashcan pullout that comes fully assembled as a sturdy, welded metal piece. A removable grey acrylic liner keeps trash cans secure on the bottom and allows for easy cleaning while keeping trash and other debris from falling to the cabinet bottom.

Single 35 qt fits in 15" wide base cabinets; double 35 qt fits in 18" wide base cabinets; double 50 qt fits in 18" full height base cabinets

### **2** *Drawer Base Pullout*

Reduced height to fit under a drawer in a standard height base cabinet. Our stylish line of metal pullouts feature premium soft-close slides and our patented "No Wiggle" design that eliminates side-to-side movement and sag commonly seen in other pullouts. Removable grey acrylic liners keep items secure on the shelf and allow for easy cleaning.

Fits in 12" wide base cabinets

### **3** *Utensil Pullout*

Improve your counter sight lines by conveniently storing kitchen utensils in this stylish pullout. Features premium soft-close slides and patented "No Wiggle" design eliminates side-to-side movement and sag commonly seen in other pullouts. Removable grey acrylic liners keep items secure on the shelf, hold the included four stainless steel utensil bins, and allow for easy cleaning.

Fits in 12" wide full height cabinets

### **4** *Base Pullout*

Maximize your cabinet storage with our stylish line of metal pullouts featuring premium soft-close slides and our patented "No Wiggle" design eliminates side-to-side movement and sag commonly seen in other pullouts. Removable grey acrylic liners keep items secure on the shelf and allow for easy cleaning.

Fits in 9" and 12" wide full height cabinets

### *Pot & Lid Organizer Pullout*

Keep your pans clatter-free with our hanging pan organizer. Designed to be mounted on the top of the cabinet so pans can hang down like a traditional hanging pot rack, except ours pulls out of the cabinet on soft-close slides. The double rails on the side of the pullout are fully customizable with an array of hooks and are adjustable along the rail so you can customize to your individual cookware needs. The center of the pullout holds the lids, so all cookware components stay together.

Fits in 24" – 27" wide base cabinets

### *Blind Corner Pullout*

Take the fright out of blind corners by converting what can be hard-to-use space into fully functional and accessible storage. All four baskets pull out of the cabinet, allowing for maximum accessibility. Soft-close slides and removable grey acrylic liners keep items secure on the shelf and allow for easy cleaning.

Fits in 45" – 48" wide blind corner cabinets

### *Pullout Basket System*

Turn your cabinet shelves into pullout drawers with soft-close pullout baskets. Designed to be the ultimate customizable solution, you can add a basket to the bottom of the cabinet, or even stack multiple baskets. Great for adding easy access to base cabinets or pantry cabinets by stacking multiple units. Removable grey acrylic liners keep items secure on the shelf and allow for easy cleaning.

Fits in 18", 24", 30" wide base cabinets and pantries

# Not Just for the Kitchen

An organized work station is just as important in the bathroom as it is for the kitchen. Getting ready for the day in an organized bathroom helps to eliminate stress and save time. These organizers will help transform any bathroom into your dream spa oasis.

## 1 *Drawer Inserts*

Our drawer inserts aren't just for the kitchen. Repurpose a cutlery organizer for makeup or personal grooming items or use a space drawer insert to keep nail polish organized.

Fits in 18" and 24" wide drawers

## 2 *Towel Rack*

Add a designated spot to hold hand towels hidden away in the cabinet with a door mountable towel rack. Tiered design allows for free air movement to help dry damp towels.

Fits in 18" wide cabinets or larger

## 3 *Rollout Drawers*

Add convenience of a drawer to any cabinet with our soft-close rollouts. Beautiful solid wood birch rollouts to match cabinet interiors. Can be added to cabinet bottom and/or shelf.

Available to fit 15" – 36" wide cabinets

Catalina Polar White Cabinets

# Long Cabinet Pulls Look Best

---

Cabinet knobs and pulls come in a variety of sizes, styles and finishes. But which ones should you choose?

You could decide to use all cabinet pulls. Or you may prefer the look of all cabinet knobs. Or you can mix knobs and pulls in your kitchen. Which one is right? They all are. All it comes down to is your personal preference.

To achieve a cohesive & finished look, select a pull that's proportional in size to the cabinet door or drawer. Shorter doors & drawers use shorter pulls; longer doors & drawers use longer pulls.

# Add Lighting to Brighten Your Kitchen

Highlight the beauty of your home with our LED Lighting product lines – sempriaLED™, illumaLED™, and TandemLED™. Select between a variety of assembled fixtures, tape lighting, puck lights, or specialty lighting to set the mood in any room.

## 1 Under Cabinet Lighting

Illuminate countertops with undercabinet lighting to enhance functional spaces, highlight beautiful backsplashes, or eliminate shadows created from cabinets. Whether it is used in the daytime or nighttime, under cabinet lighting creates ample illumination for everyday tasks such as meal prep and reading recipes.

## 2 In Cabinet Lighting

Use lighting in glass-faced cabinets to accentuate decorative items on display or beautiful crystal and china. Adding in cabinet lighting can also make it easier to locate items tucked away deep in cabinets and give a nice wash of light throughout the cabinet.

## 3 Toe Kick Lighting

Add lighting under the toe kick to highlight beautiful flooring during the daytime. At night, keep floors safely illuminated with a gentle glow for midnight snacking.

## 4 Above Cabinet Lighting

Add depth and ambiance to your kitchen by highlighting the open space above cabinets to increase the aesthetic appeal and make the space feel larger. Highlight vaulted ceilings, collectible displays, or other architectural features with a splash of lighting.

# Select the Perfect White Color Temperature for Any Space

When installing lighting, it's important to select an optimal white color (Kelvin) temperature that accentuates the beauty of the space. **Pro tip:** Using the same color temperature lighting throughout a room gives it a clean, even feel.

# Or... TandemLED™ Lighting lets you easily change the white color any time!

Install TandemLED Lighting to experience full tuning control of the white color temperature, from Warm White to Daylight White and all shades of white in between. Set the lights to Daylight White while cleaning. Use Cool White while preparing a meal. Switch to Soft White while entertaining. Transition to Warm White in the evening to relax.

## Change color temperature to set a mood, enhance a work space

Adjust the brightness of TandemLED Lighting at any point throughout the day to match the natural lighting outside. A routine can also be set up in a Smart Home system's app to mimic the natural outdoor lighting throughout the day automatically.

Simplify Kelvin temperature even further by combining TandemLED with WAV Smart Control™. Choose from a wide variety of temperatures with your chosen Smart Home app, or just use your voice to ask for your favorite white color. "Alexa, set my kitchen lights to Cool White."
