## Dominique Hardware Collection From Jeffrey Alexander® is the Perfect Balance of Grace and Power

**Fusing clean lines with soft under-curves, pulls and knobs offer a soft-contemporary feel ideal for modern and transitional spaces**

**(Bossier City, Louisiana, April 2, 2020)** Like a gymnast on a balance beam, **Dominique** knobs and pulls from Jeffrey Alexander® hit the mark with the perfect balance of grace and power, making it a design-savvy choice for transitional and contemporary spaces. Each pull features a dynamic, thin square shape paired with a contoured under-curve for a comfortable feel, along with straight, rounded tube feet. Three coordinating knobs echo the soft-contemporary feel.

“Fusing daring lines with delicate contours, Dominique presents a transitional vibe that’s suitable for nearly any kitchen and bath style,” said Stephanie Lowe Mersky, Product Manager, Decorative Products for Jeffrey Alexander. “It’s a look that will remain timeless even as design trends shift and change.”

One of the company’s largest collections, the Dominique line includes five standard pulls, two appliance pulls, and three knobs, including square knobs and “T” knobs. Seven finishes are available: Brushed Gold, Matte Black, Satin Bronze, Satin Nickel, Brushed Oil Rubbed Bronze, Brushed Pewter, and Polished Chrome.

## ABOUT JEFFREY ALEXANDER®

**Jeffrey Alexander®** designs, engineers, and manufactures products for the kitchen cabinet, bath, and closet industries, including more than 70 distinctive collections of decorative knobs and pulls, more than 200 vanities and an extensive lineup of sinks and kitchen islands. Known for its unique yet affordable style and on-trend finishes, Jeffrey Alexander’s breadth of luxury designs cross the spectrum from traditional to transitional to ultra-modern.
